Oak: Jack
Willow: Florence

Stars of the week last week

Ash: Stafford
Beech: Lexi
Cedar: Jesse
Oak: Douglas
Willow: George & Merryan

Golden Leaves

Ash: James F
Beech: Ruby
Cedar: Isabella
Oak: Jaret

Message from Sarah Price

What an amazing week of sport. It was great to see and hear the children feeling so enthusiastic about trying a variety of sports. Archery, baseball and golf seemed to be a lot of the children's favourites and some children have suggested trying badminton next year. By trying different sports, we are hoping that each child finds something which they enjoy. Sport is for everyone but not everyone believes they are sporty and this may prevent some children from trying different sports. Our aim is for every child to lead an active lifestyle now and in the future so that they can stay physically and mentally healthy. I would like to say a massive thank you to Mr Snow for organising Sports Week and Sports Day. These events don't just happen! They take a lot of planning and I am thankful for the support and commitment of all the staff in making this week and today a success.

On our school website, you will find lots of pictures of Sport's Day. Here is the [link](#) to the News section where you can find these pictures.

Willow Class (Pre-school)

Hello everyone. We hope you are well. This week, we made a rock pool as part of our summer art work. Thank you for bringing in all of the amazing items for us to look at, talk about and use in our art. We have also taken part in lots of sporty activities across the week. As well as some fun phonics and rhyme time which the children have really enjoyed.

Oak Class (Reception and Year 1)

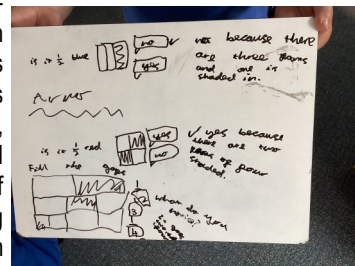

What a fantastic Sports Week Oak Class have had. In the afternoons, we have been taking part in a variety of sporting activities including; yoga, gym, and balancability. In English, we finished our unit on the book 'Stanley's Stick' and we have been writing our own versions. In maths, Reception have been learning to share objects between different groups to make equal groups. Year 1 have focused their work on fractions. They started sharing objects into halves and quarters and then moved on to saying what a half a quarter was for a given number. We ended the week brilliantly with Sports Day and all of the children should feel really proud of their effort.

Cedar Class (Years 1 and 2)

We have had another busy week in Cedar Class this week. As it has been Sports Week, we have enjoyed taking part in lots of new sports including yoga, hockey, gym and even archery!

We have also been writing our own, imaginative stories based on our book 'Stanley's Stick'. The children have used their brilliant imaginations to come up with their own version of the story, using lots of adjectives, adverbs and apostrophes! Finally, we have been consolidating our knowledge of fractions by practising finding halves and quarters. A fantastic week of work was topped off with an incredible sports day! Well done Cedar!

Beech Class (Years 3 and 4)

Beech Class have enjoyed a marvellous two weeks at school! The children have continued their exploration of the strange Iron Man sighting and met the main character in class! From this, they have enjoyed creating diary entries and newspaper reports. Within our history topic, the children were lucky enough to see and feel some replica Roman artifacts kindly lent to us from Tiverton Museum. From the artifacts, they discussed how the Romans may have lived, cooked and what games they enjoyed (ask them about the gambling knuckle bones!). Finally, the children have been taking part in a huge range of sporting activities which they have enjoyed immensely. The activities have ranged from archery, golf and cricket.

Ash Class (Years 5 and 6)

This week has obviously been all about sports! The children have shown all of the learning powers: trying new sports; helping their team and coaching each other; connecting skills between sports; keeping on going if they found it difficult to begin with; creating games to play; and finding ways to solve problems. They have also continued building their knowledge about portraits - looking at symbolism in Tudor paintings. We also completed our Relationship Sex Education sessions and have encouraged children to talk about any questions or queries they have with a trusted adult. We also still completed our Code to the Future session with Coach Campbell - adding extra levels to their games.
